WORK EXPERIENCE

MakerSquare Austin, TX – *Senior Instructor / Full-Stack Developer*

Aug. 2013 – Present

- Developed frontend and backend, managed pull requests and issues for a rails Recruit App used by graduates to apply for positions after exiting 12 week course
- Managed final projects for students, typically a Rails app or node.js
- Presented and managed the first six weeks of front-end instruction, including html, stylesheets, sass, css frameworks, javascript, jQuery, and javascript frameworks
- Developed a new marketing site in Rails for www.makersquare.com
- Wrote original and revised existing curriculum for front and back end development and provided instructor feedback from a TFA perspective
- Built several smaller online **applications** to help with classroom facilitation

New South Technology, Charleston, SC – *Principal Developer*

Aug. 2010 – Present

- Worked on multiple large scale php web **applications** (using plain php and Zend Framework)
- Full stack developer who has focused equally on front end and backend and is at advanced level in both; focused on AJAX techniques to load data as user moves throughout **applications**; ruby, php, javascript, scss, and HTML5
- Worked on several WordPress projects: installing, designing, implementing features
- Developed graphic design for both web projects, web marketing and print marketing
- Penned, edited and approved patents, legal documents, trademark documents, and EULAs

Ashley Hall, Charleston, SC – *Web Presence Manager*

Aug. 2010- June 2012

- Redesigned main website (www.ashleyhall.org) with new marketing focus and added a new web 2.0 style learning component for students, teachers, and parents
- Managed all content on the website and in email marketing through Mailchimp, and coded front end pages in a CMS with HTML, CSS3, and Javascript
- Trained 120+ faculty and staff as well as constituents on new online learning portals

Teach for America, Charlotte, NC – *High School English Teacher*

June 2008-June 2010

- Closed the Achievement Gap in 10th Grade Writing EOC by 60% compared with a pacesetter school
- Taught English II, III and AP English to 200+ 10th and 11th grade students at *The Renaissance School at Olympic Community of Schools*; created 2 sets of objective-driven lesson plans daily, tracked and analyzed student data, developed assessments, communicated results to parents and administrators
- Facilitated the Graduation Project research paper for 180 students
- Co-founded and advise the student newspaper, *The Scarlet Letter*
- Attended continuing educational courses and conferences, such as Boston Arts Academy Institute

Galileo Educational Solutions, Hoboken, NJ – *Lead Designer / Journey Program*

Jan. 2010- Jan 2011

- Write Monthly Online Magazines in HTML and CSS (sample client: University of Missouri, Alumni)
- Worked within a Agile SCRUM ticketing software development environment
- Created with Adobe Photoshop and PowerPoint to create sales presentations
- Use Adobe InDesign to create print content for various clients
